

FACULTY MEMBERS WITH PH.D

Sr. No.	Name of the Faculty	Department	Expertise
1.	Dr. V.J. Pissurlekar	Chemistry	Solid State Chemistry, Ferrites
2.	Dr. K. K. R. Kunkolienkar	Philosophy	Philosophy of mind
3.	Dr. S. V. Kamat	Botany	Ecology / Physiology
4.	Dr. Badruddin	Political Science	International Relations
5.	Dr. V. V. Prabhudessai	Marathi	Marathi Literature
6.	Dr. V. V. Kamat	History	Goan History
7.	Dr. B. L. Malik	Chemistry	Natural products
8.	Dr. Anjali Rao	Philosophy	Samkya Philosophy
9.	Dr. A. V. Deshpande	Zoology	Endocrinology, Reproductive Biology
10.	Dr. Sunita Borkar	Microbiology	Extremophiles and Alkaliphiles
11.	Dr. S. H.P. Keluskar	Physics	Solid state Physics
12.	Dr. S.D. Gokakakar	Chemistry	Porphyrins, Thermal study
13.	Dr. G.V.S. Kundaikar	Physics	Solid State Physics
14.	Dr. C.E.E. Fernandes	Microbiology	Halophilic archaea and hypersaline habitats.
15.	Dr. A.S. Tilve	Chemistry	Synthetic Chemistry
16.	Dr. S.H. Bhosale	Zoology	Entomology, Insect Physiology
17.	Dr. P.V. Kamat	History	Goan History
18.	Dr. M.N. Kulkarni	Maths	Analysis
19.	Dr. J.G.R. Monteiro	Economics	Infrastructure Economics
20.	Dr. Harsha P. Uskaikar	Chemistry	Electrochemistry, Nanoparticles
21.	Dr. Aditi Rane	Political Science	Goan Politics
22.	Dr. Deeparani Prabhu	Zoology	Integrated vector / pest management
23.	Dr. Flory Pereira	Microbiology	Halophiles and metal tolerance and solid waste management.

24.	Dr. Bhushan Bhawe	Konkani	Study of Novels based on Mines: A perspective of Transition of Values
25.	Dr. Pritam Patil	Chemistry	Catalysis, Nanomaterials
26.	Dr. Rupali Bhandari	Botany	Plant Physiology and Bio-chemistry
27.	Dr. Rasika Shriman Gaoker	Microbiology	Degradation of aromatic compounds by alkaliphilic bacteria isolated from Mangrove eco-systems of Goa
28.	Dr. Teja Narayan Savoikar	Microbiology	Studies on siderophore producing bacteria from Coastal ecosystems and their response to aromatic compound (sodium benzoate)
29.	Dr. Mita Amonkar	I.T.	Numerical Schemes on smooth manifolds
30.	Dr. Kiran S. Naik	Chemistry	Doctorate- Sintering of Ceramic Materials under Electric Field Post Doctorate - Fundamental Research on field assisted sintering and related phenomenon
31.	Dr. Jyoti Vaingankar	Botany	Studies on Arbuscular Mycorrhizal (AM) fungi in ornamental flowering plants commonly found in Goa.
32.	Dr. Alvita De Souza	Psychology	Spirituality, Hope, Gratitude, Anger towards God and Forgiveness in relation to Quality of Life in Cancer Patients.
33.	Dr. Ranjita U. Sawaikar	Botany	'Limnological Studies of waterbodies in Goa.
34.	Dr. Neha Prabhu	Microbiology	Phosphate solubilizing alkaliphilic bacteria from coastal ecosystems of Goa.
35.	Dr. Satu G. Gawas	Chemistry	Synthesis, Study of solid state and spectral properties of substituted Ni-Zn ferrites and their application.
36.	Dr. Shambhu S. Parab	Chemistry	Propene partial oxidation and luminescence studies on selected transition metal oxides.
37.	Mrs. Pratibha Bakre	Chemistry
